### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Prior art fails to disclose an apparatus or method for receiving a communication signal where the timing and phase offsets are estimated and used to derive the frequency offset by removing the modulation from the signal and sampling the signal then repeating the sampling if the sampling was not performed at a peak wave point of the data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
